# **LEADING** BIO-SYNTHESIS INNOVATOR **RELIABLE API/PEPTIDE** SUPPLIER

XIUSHI Biotech is Hotgen's subsidiary specializing in the development and application of bio-synthesized peptide technology. XIUSHI's team is composed of well-known industry experts and class-leading scientists with over 20 years of experiences and expertise in synthetic biology and bio-manufacturing. XIUSHI provides leading-edge proprietary peptide bio-synthesis solutions for discovery, clinical development, and manufacturing of peptide drugs. XIUSHI provides a comprehensive set of products and services to biotech and pharmaceutical companies worldwide.

XIUSHI has a 3,300+m<sup>2</sup> research center, and a 20,000+m<sup>2</sup> manufacturing facility, satisfying different client requirements in research and production. XIUSHI is capable of meeting a variety of product manufacturing batch needs, from grams up to kilograms.
